What I'm reading - Canon of Design: Mastering Artistic ...

Hi Tavis, as you you know I'm a loyal user of your design and compositing series. As a graphic designer and illustrator I came late to photography (6 years ago) and was shocked that almost none was using compositing rules, except The Rule of Third, or they worked so hard that their images would fit into a Fibonacci coil ... but almost with the lost of an statement in the pictures.

The term "Old Masters" generally refers to the most recognized European artists—mostly painters—working between the Renaissance and 1800. An informal designation (and not a specific art historical style or movement), this category includes artists who fall within Gothic Art, the Early, High, and Northern Renaissance, Mannerism, Baroque, the Dutch "Golden Age," Rococo ...

Mastering Composition and Henri Cartier-Bresson with the ...

Art, design, and photography are linked together in many ways. Many of the tenets and principles that we use every day in photography are handed down to us from the great master painters and artists of the ages. The foundational principles of design are the perfect example. These ideas have been used by drawers and painters for hundreds of years.
