Allyn Fisher - The Math Learning Center

makes good sense to assign the two pages together so that students can refer to the definitions. Before sending any page home, review it closely and then read over it with your students to address confusion and define unfamiliar terms in advance. Some of the problems on certain pages have been marked with a Challenge icon.

This book, also explains math in a way that makes sense- the other topics seem to be a little more self- explanatory. I have spent hundreds on learning materials for my kids, we have had this book for Pre-K, Kindergarten, 1st Grade, and Third Grade and so far, all of them have been wonderful. I highly recommend this company and this product.
