The choice of patent databases highly depends on the motive beneath it, or in other words, the type of patent search involved. For instance, for a prior art search that is for current litigation, you would want to choose a patent database that covers the patent documents of most of the patent offices. Exhaustiveness is going to be the key for you here.

Patent Databases: 12 Best Free and Paid Search Platforms

A characteristic of European patent law as it stands today is that European patents granted by the European Patent Office (EPO), and patents granted by national patent offices are available, and may possibly –if permitted by national law and, if so, to the extent permitted by national law – co-exist within a given jurisdiction. Utility models, referred to as "Gebrauchsmuster" in Germany ...
