## Amazon.com: Customer reviews: The Capital Budgeting ...

An economically sound capital budgeting decision rule must consistently lead to the acceptance of projects that will increase the value of the firm. When the discounted present value of expected future cash flows exceeds the cost of investment, a project represents a worthy use of scarce resources and should be accepted for investment.

## CAPITAL BUDGETING DECISION RULES in Managerial Economics ...

Capital budgeting is the process of planning expenditures that generate cash flows expected to extend beyond 1 year. The choice of 1 year is arbitrary, of course, but it is a convenient cutoff for distinguishing between classes of expenditures.

## CAPITAL BUDGETING PROCESS in Managerial Economics Tutorial ...

Capital budgeting is vital in marketing decisions. Decisions on investment, which take time to mature, have to be based on the returns which that investment will make. Unless the project is for social reasons only, if the investment is unprofitable in the long run, it is unwise to invest in it now.
