The Trade Off Myth Fact

The Trade-Off Myth presents in clear, accessible language the consensus of economists who have examined the jobs-environment issue, and offers the first comprehensive look at the truth behind the myths that pervade discourse on environmental regulation. It will be essential reading for environmentalists, concerned citizens, policymakers, public officials, and anyone involved with debates over strengthening environmental regulations.

The Trade-Off Myth: Fact And Fiction About Jobs And The ...

"The Trade-Off Myth is the first book to clearly state the truth about jobs and the environment. In it, economist Eban Goodstein provides an in-depth examination of the deep-seated, but ultimately mistaken, American belief in a widespread jobs-environment trade-off."--Jacket

The Trade-Off Myth - Island Press

Trade-offs in the Physical, Logical, Ethical, and Moral Spheres. As noted above, a trade-off is any situation that involves losing one quality or aspect of something in return for gaining another. That is true for any aspect of life. In economics it is money traded for a service, labor traded for capital, or a product traded for a product.

Kelton starts her book by demolishing this myth. Households cannot spend more than they bring in, without incurring debts that have to be repaid. In contrast, governments with monetary sovereignty can simply issue the money they need. How much they take back, in taxes or in debt repayment, is a political choice.

The page cited British involvement in the slave trade as explanation for the claim posted on its page. Claims that Irish people were enslaved in British North America are a longstanding myth and...

Fact check: Irish were indentured servants, not slaves

Myth #5: All economy class seats are equal. False: American, Delta and United now offer Basic Economy as well as standard economy; the trade-off is cheaper seats for fewer amenities. Tip: This is not so different from the way no-frills, ultra-cheap airlines operate; just be sure you know what you're giving up to get your cheaper seat and be sure it's worth it.

7 Air Travel Myths - Fact and Fiction | FareCompare

Myth: Fair Trade siphons off American or European jobs (or any developed country) to other countries. Reality: Fair Trade seeks to improve the lives of the poorest of the poor who frequently lack alternative sources of income. Most Fair Trade craft products stem from cultures and traditions which are not represented in North American or ...

FAIR TRADE MYTHS | World Fair Trade Organization

Myth: We didn't need masks early in the pandemic, so we don't need them now. Fact: Very little data existed prior to COVID-19 to assess whether masks are useful to prevent community transmission of respiratory viruses. This, combined with the relatively low number of COVID-19 cases early on and concerns about potential global mask shortages, stopped U.S. health officials from recommending masks.
