Trade And Public Health The

Trade and public health. WHO works to achieve greater policy coherence between trade and health policy so that international trade and trade rules maximize health benefits and minimize health risks, especially for poor and vulnerable populations. The focus is to strengthen capacities in the ministries of health to best enable them to work effectively with their colleagues in the ministries of

To this end, the glossary provided by Labonte and Sanger on the “World Trade Organisation and Public Health” is an important first step. 8 The first part of this glossary, published in this issue of the journal, introduces the main vehicle for developing, enacting, and enforcing trade treaties, the World Trade Organisation (WTO), and specifies a range of such treaties, their probable health impact, and defines and explains key “trade talk” terms. The second, concluding, part of the ...

Trade and public health: facing the challenges of ...

The WTO acknowledges that health is a legitimate policy goal and provides an exception rule that is contained in most trade agreements, which allows member states to introduce health-related policy measures provided they are deemed necessary to protect human or environmental health and safety and are not introduced to act as a barrier to trade (85).

First, we regret if our glossary implies that we view trade as a threat to public health or consider the World Trade Organization (WTO) and its trade treaties to be singularly negative. Neither is the case. Our concern, instead, was with those aspects of trade and trade treaties where a public health risk demonstrably does exist, or without ...

The WTO notes that protecting health is a dominant trade concern among members who seek to “strike a balance between trade and health” as they face potential economic costs and legal challenges when introducing new health measures [8, 9]. Concerned public health advocates argue that RTAs pose health risks through a number of mechanisms.

The health impact of trade and investment agreements: a ...

It stressed the need for the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS Agreement) to be part of the wider national and international action to address public health problems afflicting developing countries and least-developed countries.

WTO | intellectual property (TRIPS) - TRIPS and public health

Rather, the balance between trade and tobacco control can be better addressed through the process of dispute resolution. Second, McGrady examines from various perspectives the contention by public health advocates that international health instruments should take on binding forms in the context of alcohol and diet on the model of FCTC.

Trade and Public Health: The WTO, Tobacco, Alcohol, and ...

Writing chiefly from a legal perspective, and focussing purposefully on the World Trade Organization's (WTO) relationships with these three major public health areas, McGrady's Trade and Public Health: The WTO, Tobacco, Alcohol and Diet addresses many facets of the key issues.'
