The most recent UK defence in numbers (updated 2 March 2020) has revealed that the Government is investing an additional £2.2 billion in Defence. This additional funding will ensure that the UK continues to exceed the NATO guideline that member states spend 2% of GDP on Defence and cements the UK's position as the leading European ally in NATO, remaining, by far, the largest NATO defence spender in Europe.

History. During the 1920s and 1930s, British civil servants and politicians, looking back at the performance of the state during the First World War, concluded that there was a need for greater co-ordination between the three services that made up the armed forces of the United Kingdom—the Royal Navy, the British Army and the Royal Air Force. The formation of a united ministry of defence was ...
